

For our Team in Pfungstadt we are looking for a Consultant & Sales Engineer (m/f/d)

Your Tasks

- > You will advise our customers in the pre- and post-sales phase and work closely together with our sales team
- > You professionalize the project implementation process for our customer projects
- > You are in constant exchange with the development and the sales team about new and existing customer projects, work on solutions to problems and pass on customer feedback and requests for optimizing the software to the product management team

Our Expectations

- > You already have practical experience in project management or consulting
- > You bring a sound, general understanding of IT and have professional experience in the IT security industry
- > Independence, analytical thinking and a structured way of working are your nature
- > Basic technical understanding of enterprise architectures as well as practical experience with Salesforce, Office 365, Exchange, SharePoint or comparable applications desirable
- > Fluent German and English skills, both written and spoken

We offer

- > You become part of an international start-up team with flat hierarchies
- > Flexible and varied working environment
- > Valuable domain knowledge in the IT security area
- > Mobile-Working

About eperi

We are a leading provider in the IT security industry and have many years of experience in the field of data encryption for cloud applications. Our headquarter is based in the greater Frankfurt area. We are particularly proud of our international patents for our innovative multi-cloud technology, which provides unrivaled data protection for SaaS applications, custom applications and files.
